

THE FAMILY CENTER

The Family Center located at the Northshore Education Consortium in Beverly provides families and professionals with educational materials, community resource information, and support programs focused on special needs and at-risk youth. The Family Center offers a warm, welcoming environment with a lending library, literature, resources and computer access. Staff is available to provide support to families and to assist in accessing materials. Workshops and professional development trainings are offered for families, educators and professionals.

PROGRAMS AND SERVICES

Lending Library

A comprehensive collection of adult and children's books. Topics include special needs, developmental, behavioral, medical and mental health conditions in youth and general parenting topics.

Community Resources

Information on local programs, recreational activities and other community offerings. Community bulletin board provides up-to-date information on local events.

Family Workshop Series

For Parents and Professionals. Free. Educational workshops offered on a multitude of youth issues. Presenters are respected experts in their field. Workshops are open to the public.

NEW! Asperger Syndrome Series

For Parents and Professionals. Workshops, trainings and parent discussion groups offered through AANE/North, a new partnership of the Asperger's Association of New England (AANE) and the Northshore Education Consortium. Programs held at the Consortium in Beverly.

Professional Development

For Educators and Professionals. Trainings are led by highly qualified presenters. CEUs/PDPs are available. Registration is required. Open to the community.

Parent Support Groups

Parents of children with behavioral challenges come together to gain support and share strategies with other parents who have children with similar needs. Facilitated by a social worker.

All programs are open to the public.

Check our website at www.nsedu.org for more information on our programs.
