## Orton-Gillingham Associate Level Practicum and Fieldwork

To: Orton-Gillingham Spring Class 2018 Participants

From: Kerri McDonald-Schaub, M.Ed., AOGPE Fellow

The Orton-Gillingham Associate Level practicum provides teachers who have completed the 30 hour introductory course with the opportunity to apply the theory of OG instruction while working with a student at their own school site or in a private setting.

The practicum offers support and instruction as the participant designs and teaches 100 lessons under the supervision of a Fellow of the Academy of Orton-Gillingham. This practicum experience requires a minimum commitment of 8 *consecutive* months, during which the teacher will work 1:1 with a Level 1 or 2 student and receive 10 formal observations from the Fellow beginning in October. The participant will also attend ten three-hour seminars throughout the school year and complete the required assigned readings and assignments. This additional training time will complete the 60 hours of required coursework.

When the practicum hours, seminars, and required readings are completed, participants will apply for certification at the Associate Level of membership (Application deadline: July 10, 2019) through the Association of Orton-Gillingham Practitioners and Educators under the guidance of the instructor.

**Meeting Dates:** All face-to-face seminar classes will take place on the last Tuesday of the month from October through May from 4-7 pm (weather delays/cancellations follow MERSD schedule)

**Location:** Manchester Essex Regional Middle High School, 36 Lincoln Street, Manchester-by-the-Sea, MA

**Prerequisite:** Participants must have completed the Orton-Gillingham Level I and II course within the last two years.

**Course Fee:** \$3500 (includes 30 additional hours of coursework and 10 practicum observations hours)
